Summary

Computer Science undergraduate and freelance AI engineer who has shipped 5+ production AI systems and business-automation platforms using Next.js, Go, PostgreSQL, and modern LLM/agent stacks (LangGraph, n8n). Focused on AI agents, workflow automation, and scalable full-stack web apps.

Experience

AI & Full-Stack Developer (Freelance), Unithink Technologies Mar 2026 – Present

- Building a custom CRM and lead-management platform with backend APIs powering web and mobile apps.
- Integrated 5 lead channels (Meta Ads, WhatsApp, Google Business, website forms, email) into one centralized system, eliminating manual cross-source entry.
- Built role-based access, reporting dashboards, AI automation workflows, and data export using Go, PostgreSQL, Next.js, and n8n.

AI Automation Engineer (Freelance), Bizwit AI Sep 2025 – Mar 2026

- Designed and shipped 5+ production AI-automation systems for the company's clients across marketing, content, and hiring workflows.
- Marketing automation that finds and scores leads from LinkedIn, runs enrichment campaigns, and auto-books meetings — saving the team an estimated 10+ hrs/week of manual prospecting.
- AI hiring system that auto-scores candidate resumes, emails eligible candidates, conducts AI interviews, and ranks them — cutting HR screening time by an estimated 5+ hrs per role.
- AI voice-calling agent for a real-estate client that calls inbound Meta Ads leads, captures requirements, and qualifies them into hot/warm/cold segments; plus an SEO blog-generation automation to boost client organic rankings.

Founder, AutoNerve.ai Apr 2025 – Apr 2026

- Founded an AI automation studio and shipped 5+ production AI apps integrating LLMs, third-party APIs, and workflow automation for clients.

Software Developer Intern, Challenge Rate Dec 2025 – Jan 2026

- Built and shipped React.js features for a production ordering system and e-commerce platform serving live customers.

Agentic AI Lead, Google Developer Groups On Campus SIES GST Aug 2025 – Jul 2026

- Led the campus agentic-AI initiatives, running hands-on sessions and workshops on AI agents, LLMs, and automation.
